SICA-NYC committee regretfully informs you that the **32nd Annual** luncheon honoring the King and Queen of Israel has been cancelled due to the growing health crisis in the United States (COVID-19). Please know that it is our every intention to resume our annual event when it is safest for our congregations to come together.

In addition, we are asking for a \$100.00 donation from each temple for each New York District church. All donations will be greatly appreciated. Please send your check or money order to each respective temple. Please make your check or money order made payable to:
